1 INTRODUCTION

The Chips Joint Undertaking (Chips JU)

The Chips Joint Undertaking (Chips Joint Undertaking) is a public-private European Partnership aimed at leveraging investments in the electronics sector in Europe to research and develop innovative key digital technologies. The Chips Joint Undertaking fosters research and innovation collaboration between stakeholders such as industry, public authorities, academia, and research and technology organisations, pulling together and focusing efforts. The Chips Joint Undertaking's strategy is aligned with the Horizon Europe Framework Programme and the programmes of Participating States to attract private investments and contribute to the effectiveness of public support by avoiding unnecessary duplication and fragmentation of efforts, thus contributing to the development of a strong and globally competitive industry in the European Union.

The Chips Joint Undertaking is based in Brussels, Belgium.

As part of the Multiannual Financial Framework (MFF) for 2021-2027 and in line with the Horizon Europe Framework Programme, the Chips Joint Undertaking is established by Council Regulation (EU) 2023/1782 of 25 July 2023 amending Council Regulation (EU) No 2021/2085 of 19 November 2021 establishing the Joint Undertakings under Horizon Europe. The Chips Joint Undertaking is the successor to the former KDT Joint Undertaking¹ and supports the latter's ongoing projects.

The Chips Joint Undertaking addresses clearly defined topics that will reinforce the Union's technological autonomy in electronic components and systems, establishes the Union's scientific excellence and innovation leadership in emerging components and systems technologies, and ensures that components and systems will address Europe's societal and environmental challenges.

Members of the Joint Undertaking are the European Union through the European Commission, Member States and Associated Countries to the Framework Programme Horizon Europe on a voluntary basis, and three industrial associations forming the private members of the Chips Joint Undertaking: 'AENEAS', 'INSIDE' and 'EPoSS'.

The CBE Joint Undertaking (CBE JU)

The Circular Bio-based Europe Joint Undertaking (CBE JU), a €2 billion partnership between the European Union and the Bio-based Industries Consortium (BIC), funds projects advancing competitive circular bio-based industries in Europe. The partnership is building on the success of its predecessor, the Bio-based Industries Joint Undertaking (BBI JU), while addressing the current challenges facing the industry.

Shifting from non-renewable fossil raw materials and minerals to circular bio-based production processes is essential to reach the EU's climate targets as set out in the European Green Deal. Strong, resource-efficient and competitive bio-based industries are important drivers of this change. By producing renewable bio-based products and materials from waste and biomass in an innovative, sustainable and circular way, they can

contribute significantly to the EU's climate neutrality target by 2050 while creating jobs and economic growth in regions across Europe.

The role of the CBE JU is to bring together various actors from bio-based industries, ranging from farmers to scientists, to solve the technological, regulatory and market challenges of the sector. Its public-private funding scheme boosts innovation and market deployment and paves the way for future investments.

The CBE JU Programme Office is implementing the CBE JU's Strategic Research and Innovation Agenda (SRIA) under the leadership of its Executive Director and following the rules of Horizon Europe, the EU's research and innovation programme. Tasks of the Programme Office range from the management of calls for project proposals and programme monitoring, to administration, financial management, legal control, human resources, and communication.

CBE JU has been established for the 2021-2031 period. The CBE JU's working language is English. For further information, please consult the CBE JU website: www.cbe.europa.eu

The Innovative Health Initiative (IHI JU)

The Innovative Health Initiative (IHI) aims to translate health research and innovation into real benefits for patients and society, and to ensure that Europe remains at the cutting edge of interdisciplinary, sustainable, patient-centric health research. Health research and healthcare increasingly involve diverse sectors. By supporting projects that bring these sectors together, IHI will pave the way for a more integrated approach to healthcare, covering prevention, diagnosis, treatment, and disease management.

IHI is a partnership between the European Union and European industry associations representing the pharmaceutical, medical technology, biotechnology, digital health and vaccine industries, namely COCIR, EFPIA, EuropaBio, MedTech Europe, and Vaccines Europe. IHI's total budget is EUR 2.4 billion. Half of this comes from Horizon Europe, the EU's research and innovation programme. The IHI industry partners have committed EUR 1 billion to IHI, and a further EUR 200 million can be committed by other organisations that decide to support the objectives of IHI in specific areas of research by becoming contributing partners. IHI builds on the successes of the Innovative Medicines Initiative, and the IHI Programme Office continues to manage projects launched under IMI.

For more information, please visit the IHI JU website: www.ih.europa.eu

The Smart Networks and Services Joint Undertaking (SNS JU)

The Smart Networks and Services Joint Undertaking (SNS JU) is one of the European partnerships under Horizon Europe established by the Council Regulation (EU) N° 2021/2085. It builds on two pillars: research and innovation under the Horizon Europe programme on technologies and systems for Smart Networks and Services towards 6G, and coordination of 5G deployment actions funded by European or national funding programmes.

The partnership is key to ensuring European technological capacities in these areas, in line with the EU's industrial strategy and the 5G cyber-security toolbox. In this context, it aims to enable European players to develop technology capacities for 6G systems as a basis for future digital services towards 2030. 4 SELECTION PROCEDURE

A Selection Committee, appointed by the Executive Director of the Chips JU, assesses the applications in accordance with the eligibility and selection criteria outlined in the vacancy notice and establishes a short-list of candidates for an interview and a written test.

- Written test on a topic related to the job description,
- Interview with the Selection committee.

The Selection committee will establish a reserve list of suitable candidates to be approved by the Executive Director. The recruitment will take place only upon a decision of the Executive Director.

Candidates are reminded that the Selection Committee's work is confidential. It is strictly forbidden for candidates to make direct or indirect contact with its members or to ask anybody to do so on their behalf.

5 APPOINTMENT AND RESERVE LIST

The Executive Director may decide to interview the candidates before establishment of the reserve list and/or appointment.

The Executive Director will approve a reserve list and select 1 candidate for the post. A binding commitment can only be made after the verification of all conditions and will take the form of a contract signed by the Executive Director.

The reserve list may be used to fill other positions of the same nature and of the same grade within the Chips JU.

The reserve list might be used by other Joint Undertakings to cover a similar position: in such a case, candidates will be asked to confirm their explicit consent allowing the Chips JU to transfer their data to the concerned Joint Undertaking.

Candidates should note that inclusion on the reserve list does not guarantee recruitment. Recruitment will be based on availability of posts and budget. The reserve list for this post will be valid until **31/12/2028** and may be extended at the discretion of the Executive Director.

6 CONTRACTUAL CONDITIONS

The successful candidate will be appointed by the Executive Director of the Chips JU as a **contractual agent Function Group III** for a period of **three years**, renewable pursuant to Article 3(a) of the Conditions of Employment of Other Servants of the European Union.

The successful candidate will be asked to perform nine months of probationary period.

After an evaluation of the post holder's performance, the contract may be renewed in accordance with the Chips JU legal basis. The period of engagement will not in any case exceed the lifetime of the Chips JU.

Remuneration will be based on the Union scale of salaries. Pay is subject to Union tax and other deductions laid down in the Staff Regulations. Remuneration is, however, exempt from any national taxation.

The successful applicant who is offered a contract of employment will be graded in accordance to Article 86(1) of the CEOS, taking into consideration their qualifications and professional experience at the time of entry into service.

Contract staff engaged in Function Group III shall be graded within their function group according to the following rule (always in step 1):

Qualifications and professional experience	Grade
less than 5 years	8
Between 5 years and 15 years	9
15 years or more	10

The indicative basic monthly salaries of FG III are (allowances and contributions/deductions not included):

FG III grade 8: € 3475.62

FG III grade 9: € 3932.44

FG III grade 10: € 4490.30

The place of employment is Brussels, where the JU premises are located.

The working language is English.

For any further information on contractual and working conditions, please refer to the Staff Regulations of Officials and the Conditions of Employment of Other Servants of the European Union, which is available on

the following web page:

<https://eur-lex.europa.eu/LexUriServ/LexUriServ.do?uri=CONSLEG:1962R0031:20140101:EN:PDF>

8 DECLARATION OF COMMITMENT TO SERVE PUBLIC INTEREST INDEPENDENTLY

The successful candidate will be required to make a declaration of commitment to act independently in the public interest and to make a declaration in relation to interests which might be considered prejudicial to his/her independence.

Candidates must confirm their willingness to do so in their application.

9 EQUAL OPPORTUNITY

The Chips Joint Undertaking is committed to welcoming and managing diversity, gender equality and inclusion, and welcome applications from all candidates independently of their gender, race, colour, ethnic or social origin, language, religion or belief, age or sexual orientation, including from candidates with disabilities. Assistance can be provided to persons with disabilities during the recruitment procedure.

The Chips Joint Undertaking actively welcomes applications from all qualified candidates from diverse backgrounds, across all abilities and from the broadest possible geographical basis amongst the EU Member States.

10 REQUEST FOR REVIEW AND APPEAL PROCEDURES

A candidate who feels that she/he has been treated incorrectly may ask to have her/his application reconsidered by sending, within 20 days of the date of notification, a request for review via e-mail to: vacancies@chips-ju.europa.eu

The candidate should quote the number of the selection procedure concerned and address the request to the Chairman of the Selection Committee.

The Selection Committee will reconsider the application and notify the candidate of its decision within 45 days of receipt of the request.

Appeal procedures

If the candidate considers that she/he has been adversely affected by a particular decision, she/he can lodge a complaint under Article 90(2) of the Staff Regulations of Officials and the Conditions of employment of other servants of the European Union (CEOS), at the following address:

**Executive Director
Chips JU
TO 56-60
B-1049 Brussels
Belgium**

The complaint must be lodged within 3 months. The time limit for initiating this type of procedure (see the Staff Regulations as modified by Council Regulation No 723/2004 of 22 March 2004 published in the Official Journal of the European Union L 124 of 27 April 2004 - <https://eur-lex.europa.eu/>) starts to run from the time the candidate is first informed of the outcome of the recruitment procedure).

If the complaint is rejected the candidate may bring a case under Article 270 of the Treaty on the Functioning of the European Union and Article 91 of the Staff Regulations and the CEOS before:

**The European Union Civil Service Tribunal
Postal Address
L-2925 Luxembourg**

The Executive Director does not have the power to amend the assessment decisions of the Selection Committee. The Court has consistently held that the wide discretion enjoyed by Selection Committee is not subject to review by the Court unless rules which govern the proceedings of the Selection Committee have been infringed.

It is also possible to complain to the European Ombudsman pursuant to Article 228 (1) of the Treaty on the Functioning of the European Union:

**European Ombudsman
1 Avenue du Président Robert Schuman – CS 30403
F-67001 Strasbourg Cedex**

Complaints made to the Ombudsman have no suspensive effect on the period laid down in the Articles 90(2) and 91 of the Staff Regulations for lodging, respectively, a complaint or an appeal with the European Union Civil Service Tribunal under Article 270 of the Treaty on the Functioning of the European Union.
